January 2010 Newsletter

♥ Venus Conjunct Sun ♥

January 7-16 2010

Happy 2010, everyone!

This newsletter covers the first lucky aspect of the year, a **fun** one. It's Venus and the Sun, both planets of Love. In fact, this is the most **loving** aspect there is. There is Love in the air for over a week -- a great preparation for Valentine's Day!

♀ **Venus** relates to when we can easily harmonize and be happy. It is associated with the time that's easiest to attract, unite and bond with others.

☉ **The Sun** resonates with the times we can be more affectionate and faithful. It has synchronicity with our playful and pleasurable times. It signifies when it's best to be creative and to express ourselves.

Put them together and they correspond to a time for **smiling** and **pleasing** others. 😊

Activities for this Loving aspect of Venus and the Sun could include:

- ♥ Love, vacation, have fun
- ♥ Cement romantic relationship with loving tokens of affection such as items special to the relationship like jewelry & rings
- ♥ Consistently create close times with our mate and generate love. In fact, Jan. 7-8 is especially perfect for lovemaking.
- ♥ Be with our partners, **just us two**, with lots of kisses and caresses
- ♥ Enjoy bonding, playing and amusing ourselves with the one we love
- ♥ Attract a loving mate, be brave because we have common sense especially now
- ♥ Be wonderfully **affectionate**
- ♥ If you're attracted to someone, now is a safe time to be more affectionate and outgoing

- ♥ Get into hugging friends -- and the longer the **hug**, the more fun
- ♥ Put love into productions, products and creations; even making them huggable, warm and fuzzy if possible.

For business, there was this great commercial on TV that exemplified the impressiveness of the Sun and the simplicity of Venus: It advertises: "Any pizza, any size, any toppings for \$10." Pizza is a fun Leo-type food, by the way, and Leo is ruled by the sun. It's simple, round, warm and inviting and is also usually enjoyed with friends and family -- perfect for Venus-Sun connections!)
